

TECHNICAL BULLETIN

DATE: MAY 1, 2016

DOCUMENT NO: CLTB 00137

TO: Contractors, Distributors & Architects

FROM: CHEM LINK Technical Services Division 1-800-826-1681

SUBJECT: Improved M-1 Adhesive/Sealant

CHEM LINK is excited to announce the release of our improved formulation of **M-1®** Structural Adhesive/Sealant.

For decades, **M-1** has been the cure-all for every type of roof application: repairing flashing, sealing termination bars and coping joints, even underwater emergency repairs.

Now in celebration of our 25th anniversary, **CHEM LINK** has made **M-1** even better:

	Old Formulation	Improved Formulation
Elongation	290%	525%
Tensile Strength	330 psi	370 psi
Tear Strength	60 pli	111 pli
Shear Strength	380 psi	390 psi
Joint Movement	25%	35%
ASTM E84 Class A Fire Rating	No	Yes

M-1 is solvent-free, moisture-curing, and non-shrinking - a structural adhesive/sealant that applies smoothly in both hot and cold climates.

Look for the new bright silver package with **CHEM LINK's** 25th anniversary icon. Give your next roofing project your best shot!

Also in celebration of our 25th anniversary, this improved formulation of **M-1** is available at no additional cost to you!
