Section 1. Product and Company Information

Product Name: E-Curb
CHEM LINK INC.
353 E. Lyons Street
Schoolcraft, MI 49087, USA
Tel: 269-679-4440
Fax: 269-679-4448

EMERGENCY CONTACTS
Call Chemtrec:
USA: 1-800-424-9300
International: (703) 527-3887
Product Use: Penetration Seal
Chemical Family: Mixture
SDS Prepared: 16-Dec-15
SDS Prepared by: CHEM LINK Product Safety Group

Section 2. Hazards Identification

Hazardous classification: NA

Signal Words: None
Hazardous / Precautionary Statements: None

Label Pictogram: NA

Other hazards
Emergency Overview
Acute: NA
Chronic: Animal studies indicate that chronic inhalation or overexposure of dusts may cause inflammation of the lungs, fibrosis, and airway destruction.
Severe Immediate Hazards: Dust from grinding operations may aggravate existing lung disorders when proper protection is not used.

OSHA Regulatory Status
E-CURBS ARE FULLY REACTED NYLON RESIN ARTICLES WHICH ARE NOT CONSIDERED HAZARDOUS UNDER OSHA'S CRITERIA 29 CFR 1910.1200. HOWEVER, HAZARDOUS DUSTS, VAPORS, GASES, OR FUMES MAY BE RELEASED BY MECHANICAL OR THERMAL PROCESSING, OR BY THERMAL DECOMPOSITION.

Section 3. Composition / Information on Ingredients

<table>
<thead>
<tr>
<th>Ingredient Name</th>
<th>CAS Number</th>
<th>Concentration</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cast Nylon Resins</td>
<td>NA</td>
<td>&gt;99.9%</td>
</tr>
</tbody>
</table>
Section 4. First Aid Measures

4.1 Description of first aid measures

<table>
<thead>
<tr>
<th>Route of exposure</th>
<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inhalation</td>
<td>Move to an area free from the risk of further exposure. If not breathing, or breathing is difficult, obtain medical attention.</td>
</tr>
<tr>
<td>Eye Contact</td>
<td>If dust from grinding causes irritation, rinse with water immediately for 5 minutes. Seek medical attention if irritation persists.</td>
</tr>
<tr>
<td>Skin Contact</td>
<td>Wash exposed skin with soap and water.</td>
</tr>
<tr>
<td>Ingestion</td>
<td>Not a route of exposure.</td>
</tr>
</tbody>
</table>

4.2 Most important symptoms and effects, both acute and delayed

Acute: None

Delayed: Sensitizing effects possible from dusts/fumes

4.3 Indication of any immediate medical attention and special treatment needed

None know

Section 5. Fire Fighting Measures

Special Fire Fighting Instructions: None. Full emergency equipment with self-contained breathing apparatus and full protective clothing should be worn by firefighters.

Extinguishing Media: Water, CO2, Dry Chemical, Foam.

Unusual Fire and Explosion Hazards: None.

Flashpoint: Not applicable.

Upper Flammable Limit: Not applicable.

Lower Flammable Limit: Not applicable.

Autoignition temperature: Not applicable.

Sensitivity to Impact: Not applicable.

Sensitivity to Static Discharge: Not applicable.

Hazardous Combustion Products: Thermal decomposition may produce toxic / irritating fumes.

Section 6. Accidental release measures

Handling Precautions: Use personal protection recommended in section 8.

Cleanup: Pick up and handle as any other solid material.

Regulatory Requirements: Follow applicable OSHA regulations (29 CFR 1910.120).

Section 7. Handling and Storage

Handling Precautions: None in normal use.

Conditions for safe storage: Store material at ambient temperature and pressure. Keep away from flames and other ignition sources. Material is stable in normal conditions.
Section 8. Exposure Controls / Personal Protection

8.1 Permissible Exposure Limits (PELS TLVs BEIs)
There are no applicable exposure limits for cured nylon materials.

8.2 Exposure Controls and Personal Protective Equipment

Hand protection: None required in normal use.
None required in normal use. Wear safety glasses or goggles to avoid eye contact in grinding operations.
Eye protection: Skin protection: None required in normal use.

Environmental exposure control: No specific controls are needed.
None required in normal use. For low temperature grinding operations-wear a NIOSH approved dust respirator. If generating gas, vapor, and fumes from hot wire, hot knife, or other thermal processing operations (including potentially some grinding operations) - wear a NIOSH approved air-purifying respirator with organic cartridge or supplied-air respirator if ventilation is inadequate. Replace cartridge according to respirator manufacturer's changeout schedule.

Respiratory: None required in normal use.

Section 9. Physical and Chemical Properties

| Physical State: | Water Solubility: Insoluble % Volatile: NA |
| Appearance and Odor: Paste, mild mint scent VOC: NA |
| Freezing/Melting Point(°C): >150°C (302°F) Flash Point: NA |
| Odor Threshold (ppm): NA Autoignition Temperature: NA pH: NA |
| Vapor Pressure: NA Flash Point Method: Based on FP of the most volatile component. |
| Vapor Density (Air=1): NA LEL: NA UEL: NA |
| Relative Density: ~1.0-1.3 |
| Decomposition Temp >150°C (302°F) |

Section 10. Stability and Reactivity

Stability: Considered Stable.
Conditions to Avoid: None known.
Incompatible Materials: Strong acids or bases

Hazardous Decomposition Products: Decomposition through burning produces fumes consisting of organic particulate, gaseous hydrocarbons, carbon dioxide, carbon monoxide and oxide of nitrogen.
Section 11. Toxicological Information

Section 12. Ecological Information

12.1 Toxicity Not applicable under normal conditions.
12.2 Persistence and degradability Product is not expected to rapidly biodegrade.
12.3 Bioaccumulative potential. No data available on product.
12.4 Mobility in soil No data available on product.

Section 13. Disposal Considerations

13.1 Waste treatment methods
Follow all applicable local, state, and federal disposal regulations.

Section 14. Transport Information

14.1 UN number: Not regulated
14.2 Proper shipping name: Not regulated
14.3 Hazard class: Not regulated
14.4 Packing group: Not regulated
14.5 Environmental hazards: Not regulated
14.6 Special precautions for the user: Not regulated
14.7 Transport in bulk information: Not regulated
Section 15. Regulatory Information
15.1 Safety, health, and environmental regulations/legislation specific for the substance or mixture

TSCA
Health & Safety Reporting List: NA
Chemical Test Rules: NA
Section 12b: NA
TSCA Significant New Use Rule: NA

CERCLA
Hazardous Substances and corresponding RQs: NA

SARA
Section 302 Extremely Hazardous Substances: NA
Section Codes: NA
Section 313: NA

Clean Air Act: NA

Clean Water Act: NA

US State Regulations
California Proposition 65 NA

International Regulations
European/International Regulations NA

Canada
DSL/NDSL: NA
WHMIS: NA

Section 16. Other Information

Prepared in accordance with 29 CFR 1910.1200
This Product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by the CPR.

To the best of our knowledge, the information contained herein is accurate. However CHEM LINK INC. does not assume any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be handled with care. Although we have described herein all of the hazards to which we are currently aware, we cannot guarantee that these are the only hazards which exist.
