M-1® MARINE GRADE

MARINE GRADE ADHESIVE/SEALANT

M-1 Marine is a moisture-cure marine-grade adhesive/sealant formulated for applications above or, post-cure, below the waterline. M-1 Marine is free of solvents and isocyanates, will not shrink upon curing or discolor from ultraviolet exposure, and will not bubble on damp surfaces. This sealant adheres to many surfaces without priming - including teak, fiberglass, vinyl, glass, FRP and metal. It forms a strong bond, yet remains resilient and flexible after cure.

- Solvent-free, 100% VOC Compliant
- Tough elastomeric bonds
- Fast-setting
- High-adhesion
- Paintable after 24 hours
- Gun-grade, no special tools or mixing required
- Can be applied at temperatures as low as 32°F (0°C)
- Made in the USA - ISO 9001:2015 certified processes
