

CHEM LINK®

METALINK

HIGH PERFORMANCE METAL ROOF SEALANT

MetaLink is a multi-purpose neutral-cure, silicone construction and roof sealant specially formulated for application in a variety of job site conditions. MetaLink is designed for use with many building materials, including galvanized aluminum, metal, Kynar 500 PVDF coated metal, glass, and most roofing materials. MetaLink is available in many colors to match contemporary tastes in decorative metal roof and siding products. MetaLink is isocyanate-free and validated for $\pm 50\%$ joint movement.

- UV resistant
- $\pm 50\%$ joint movement
- Bonds to Kynar 500® PVDF coated metal
- Solvent-free, 100% solids will not shrink
- Non-slump, applies vertically and overhead
- 10-minute skin over
- Color stability, will not suntan
- Does not contain cancer causing chemicals listed in California Proposition 65
- Made in the USA — ISO 9001:2015 certified processes

See chemlink.com for color options.
